NEVADA CITY NUGGET

Nevada City (Nevada County) California, Friday, September 8, 1950 — Twenty-Third Year, No. 37

CROSS-COUNTRY BUS SERVICE TO CITY POSSIBLE

A representative of Glen G. Magnuson, general traffic manager of the Pacific Greyhound Lines, told The Nugget yesterday afternoon that the requests for improved bus service via the recently improved Bear Valley grade, will be given immediate study. The service, if actuated, will put Nevada City and Grass Valley, on transcontinental bus service.

Both the Highgraders and the Nevada City Chamber of Commerce are studying the situation and preparing surveys with a view toward formal application for enlarged service to this area.

It has been pointed out that alternate buses could be diverted from the Highway 40 route at Emigrant Gap through Nevada City and Grass Valley on Highway 20 and rejoin the Highway 40 artery at Auburn.

Another part of a long range survey will be to determine if bus service from Northern California routed eastward could not be routed over Highway 20 from Marysville and through Grass Valley and Nevada City onto the Highway 40 at Emigrant Gap. A similar study will be made of the possibilities of westbound traffic from Reno destined for northern California points.

Winter highway maintenance from Nevada City to Emigrant Gap will also require study and solution before the above plans could be put into effect.

CARDINAL BUILDING BOUGHT BY CAPITAL DOCTOR AND WIFE

Grant deed was recorded yesterday afternoon in the office of Recorder John E. Nettell, transferring title to the Cardinal building, on the northeast corner of Pine and Broad from Mr. and Mrs. E. L. Kyle and Cardinal Groceries, to Dr. Paul H. and Lile Guttman, Sacramento.

Revenue stamps indicated the price of the building was between $30,000 and $35,000.

Kyle said the leases of the tenants will be honored by the new owners, who have also indicated an extensive remodeling program will be instituted.

Tenants of the building are the Cardinal grocery store, Kyle's meat market, Bolton's variety store, Frank G. Finnegan, local attorney, and several lodges and organizations who use the upstairs as a meeting place.

The building is believed to have been constructed in 1864 following the destructive fire of November, 1863.

It has been known as the Roberts, Morgan-Roberts and Morgan-Powell building.

Kyle and the Cardinal stores purchased the building in 1946 from Mrs. Eliza Powell and the Morgan estate.

CARD PARTY

St. Canice Catholic church parishioners will conduct a card party Monday evening, 8 p.m. at St. Canice hall. Committee in charge includes Mrs. Louise Kyle chairman, Mrs. Jerome Frey, Mrs. William Hallett, Miss Theresa Columbo, Mrs. Walter Butz, Mrs. Joe Glennon, Lorenzo Cicogni and Simon Hieronimus.

DISASTER UNIT DISCUSSED AT CITY COUNCIL

The Nevad City council studied possible organization of a city-wide disaster council last night but took no formal action in the matter.

Mayor Thomas H. Taylor led a lengthy discussion of the need of such an organization and City Attorney John Larue was armed with a model ordinance similar to the one adopted a month ago by Grass Valley but formal action was deferred until a later date.

Ex-Fire Chief T. W. Sigourney reported that peace officers, fire officials and forestry officers had conducted meetings over a three-month period but the discussions had been considered secret and that no publicity had been given the developments.

City Attorney Larue said he saw no point in secretiveness and it seemed the public should be made aware of any possible impending emergencies.

Eldon W. Kendrick, a resident on Nevada street, submitted a petition signed by more than 95 percent of the residents on the street asking that truck traffic entering the city on Highway 20 be routed through town via Uren street and Coyote street. He said roaring truck motors through the thickly populated section made sleep nights virtually impossible. He pointed out the other route would pass through a less populous section. No action was taken on this matter but Kendrick was promised a study will be made.

Fred Bush, superintendent of the Pioneer park, reported the swimming pool was closed for the season yesterday afternoon.

The council agreed to proceed with plans to construct a rest room at the municipal airport.

The group also approved a $300 bill for fertilizing the municipal ball park.

Mayor Taylor, Councilmen H. J. Ray, William E. Mullis, Marvin E. Haddy and Frank Wright, and City Clerk George H. Calanan attended the council meeting.

IDAHO-MARYLAND MEN BACK TO WORK TODAY

Crews of the Idaho-Maryland mine near Grass Valley returned to work this morning, according to Neal O'Donnell, general manager, after a fire that was discovered Monday suspended operations.

The fire was believed to have started from short circuited cables in the underground workings in the 2,140-foot level.

O'Donnell said no estimates of loss had been made but damage had been confined to an area not in present production.

Two pumping plants and other station equipment at the 2,410-foot level are believed destroyed by the fire.

PIONEER PARK LINE NICKNAMED THE P. P.

There is no railroad in the nation which does not have a nickname used by the public instead of the formal designation used in official records and on company stationery—and the Pioneer Park Narrow Gauge is no exception!

Henceforth the miniature line which will carry Nevada county youngsters around the park route will be known as the Pioneer Park Line or more simply the "PP Line" or still more simply, the "PP."

Residents here will recall the Nevada County Narrow Gauge (NCNG) was known as the "Never Come, Never Go."

P. P. RAIL STOCK SALES CONTINUE BRISK ALL WEEK

Bond sales in the Pioneer Park Narrow Gauge railway were well past the one-third mark today as Bob Paine, secretary of the line, reported more than $300 had been subscribed to the needed $750 fund to build the junior railway at the municipal park.

The large gaudy gold and green certificates modeled to resemble stock shares sold here in the Gay Nineties, are being put in the mail today and tomorrow.

The certificates may be purchased at The Nugget or Union office.

Thus far shares have been inscribed for mailing to San Francisco, Richmond, Stockton, Oklahoma, Michigan, Minnesota and Nevada.

The funds will finance the completion of the kiddie railroad and the needed passenger cars, depot, bridges and tunnel.

Max Solaro, instigator of the railroad, reported today that the line's first locomotive, resembling the pioneer Nevada County Narrow Gauge engines, will be completed soon.

ILLNESS CANCELLS TOMORROW'S DANCE

Threatening weather and illness of several members of the entertainment cast today forced the cancellation of the planned street dance Saturday night at the foot of Pine street.

The affair which is sponsored by the Nevada City Chamber of Commerce, will be resumed next Saturday night.

Meanwhile, sale of Pioneer Park Narrow Gauge Railway stock, planned to be held during Saturday night affairs, will be conducted from the offices of the Nevada City Nugget and the Union.

ENROLLMENT AT LOCAL SCHOOLS BREAK RECORDS

Incomplete figures in both Nevada City high school and elementary school enrollments were reported by principals of the schools last night.

High school enrollment was listed by Principal Ed A. Frantz as 215 to date as compared to 203 on the third day of 1949. Several more will be added to the number by students who are working or vacationing and not yet registered.

Principal Henry Nines at the Oakland school district at Gold Flat reported a registration of 125 as compared to a 118 third-day figure last year. Nines reported the present figure will be increased considerably by registrations declared but not yet officially made at the school.

Largest increase was announced by Principal Lloyd Geist of the elementary school who registered an increase from 485 to 530 over a one-year period.

The Nugget will carry complete rosters of the three schools in the next edition.

TAHOE FOREST CREWS FIGHT OTHER BLAZES

Many of the personnel of the Tahoe national forest are busily fighting fires in other national forests in California and Nevada.

Three men and a tanker were dispatched to Mendocino national forest.

Twelve men and a hastily recruited crew of fallers joined fire fights on the Stanislaus national forest.

Several crewmen of the Sierra district of the Tahoe national forest were sent to combat a 600-acre fire southwest of Dog Valley near Crystal peak in the Toiyabe national forest.

PAROLEE NABBED ON NEWTOWN ROAD

Ira Gene Warren, 23, native of Tulsa, Okla., was apprehended last night at 8 o'clock on the Newtown road four miles west of Grass Valley by Deputy Sheriff Arthur "Sonny" Pepper.

Warren, on parole from Chino, to Fresno county, violated his parole by leaving Fresno county without permission.

Fred Schroeder, state probation officer from Sacramento is expected here this morning to interview Warren, who is lodged in the county jail.

Buy a Share in the P. P. Railway

Nevada and Sierra counties will supply eight men for the first induction of draftees will occur between Sept. 25 and 29, according to Col. Kenneth H. Leitch, state draft director.

NUGGET FREE TO ALL SERVICE PERSONNEL

The Nugget will be sent free to all personnel of the armed services for the duration of enlistments.

The only information we ask is the address and notification of changes of station.

The policy was initiated at the outbreak of the Korean incident but will become a permanent fixture in Nugget policy in war or peace.

Several servicemen have already taken advantage of the offer and The Nugget invites all service personnel from Nevada and Sierra counties, and the Camptonville section of Yuba county to accept the offer.

SARGENT STORY TO BE PRINTED IN THE NUGGET

The history of Nevada City written in 1855 by Aaron A. Sargent, one of the city's immortal pioneers, whose influence is still felt a century after his arrival here, will be reprinted in serial form in The Nugget.

The series will start in next Friday's issue, Sept. 15.

Permission to reprint the book which will later be made available in book form was granted yesterday by Aaron M. Sargent, San Francisco attorney and the grandson of the celebrated Aaron A. Sargent.

A trained observer and a skillful writer, Sargent brings to his readers a broad viewpoint of pioneer incidents and events, and incorporates into his observations a social and economic consideration of the early days not found in many of the so-called '49 diaries usually limited to telling of personal hardships and the difficulties of finding gold.

After a brief career of mining here he became a printer and later editor of the Nevada Journal. He served a term as district attorney. In 1860 he went to Washington, D. C., to the House of Representatives. In 1872 he was a U. S. Senator from California and aided in many projects that benefitted California.

President Chester Arthur appointed him minister to the court of Germany but Sargent quarreled with Bismarck and was recalled. He returned to California and again opened a campaign for the U. S. Senate but was outmaneuvered by the powerful Leland Stanford forces and failed to win his party's support.

He died in 1887 after an adventurous life such as few men are privileged to live.

On July 4 of this year, Elmer Stevens, orator of the day, quoted at length from a Fourth of July oration delivered by Sargent in Nevada City in 1866.

DIRECTORS SET TO FIRE VARNEY THIS MORNING

Unless a miracle occurs Forrest Varney, manager of the 260,000 acre Nevada Irrigation District, will be fired this morning and the NID will embark upon a new adventure of director-management.

There was no indication last night that Herbert Nile, J. H. Gleason and Max Arnold, board chairman, had retreated from the stand of Aug. 4 when they asked Varney's resignation. At a meeting last week (Sept. 1) Varney did not submit his resignation. Gleason submitted a resolution which was seconded by Nile, to discharge Varney today.

Meanwhile the three directors have planned a management procedure under which the board of directors will meet weekly to outline construction and maintenance procedures which will be carried out by a superintendent who will be in charge of the Nevada, Placer and Mountain divisions of the NID. The superintendent will meet with the directors.

Also part of the plan will be to hire an office manager whose

THURSDAY LAST DAY TO REGISTER FOR VOTE

All Nevada county residents who wish to vote for or against Jimmy Roosevelt for governor of California and who are not registered have only until Thursday to take care of that little matter, according to Ralph E. Deeble, county clerk.

Anyone not in the voting roll by the close of business Thursday, Sept. 14, cannot take part in the important Nov. 7 general election.

Chief registration point is the clerk's office on the main floor of the courthouse. It is open from 9 a.m. to 5 p.m. daily and from 9 a.m. until noon Saturday.

Anyone may vote who is or will be 21 on or before election day, a citizen and has resided in the county 90 days and the state a year.

Those who lost their right to vote by not taking part in either the primary or general elections in 1948 must reregister. Reregistration also is required of those who have changed their residence or their names, by marriage, for example.

TEMPERATURE RECORD BROKEN IN NEVADA CITY

The temperature record was broken in Nevada City Saturday and Sunday afternoons, according to Fred Bush, local weather observer, when the thermometer zoomed to 102 on both days.

Recordings for the week:

	Max.	Min.
Friday, Sept. 1	99	52
Saturday, Sept. 2	97	54
Sunday, Sept. 3	102	53
Monday, Sept. 4	102	55
Tuesday, Sept. 5	98	49
Wednesday, Sept. 6 ..	93	47
Thursday, Sept. 7	89	47

Note: maximum temperatures are for the afternoon previous to date of recording. All readings are made at 8 a.m. for the previous 24 hours.

Let's Get Transcontinental Greyhound Bus Schedules

EDITORIAL

The steep and twisting Bear Valley Grade 25 miles east of here which has been described by historians through the years as "fearsome," "awesome" and "downright dangerous" has been erased from the Bear Valley landscape.

The tortuous route which bore the almost obsolete warning "descend grade in low gear" has been replaced by a realigned route with a gentle high gear grade with $345,000 of federal forestry service funds.

Thousands of motorists who previously preferred the pack jammed traffic alonge highway 40 to the rough and rugged route along Highway 20 may soon start moving through Nevada City and Grass Valley.

It would seem that now is the proper time for local promotional forces to start studying and hustling several possible projects which could result from this new and improved traffic artery.

The Pacific Greyhound Lines should be asked to put several of their daily transcontinental buses over the Bear Valley route both from the Emigranh Gap side near the Summit and from Auburn over Highway 49 into Grass Valley.

Although formal surveys have not been made, such a bus program would undoubtedly serve more population in the Nevada City-Grass Valley area than along Highway 40 between Emigrant Gap and Auburn. Such a service would be profitable to the bus line and a convenience to Nevada City and Grass Valley travelers.

Bus travelers would be exposed to some new and refreshing mountain scenery.

If frequent bus service developed over the route new businesses will spring up at bus stop points thus adding new revenue and new payrolls to the county economy.

Tourists, campers and anglers will soon start using the route for access to their favorite spots in the upper lake recreational areas.

All this adds up to increased business in Nevada City and Grass Valley, increased tourist travel and new travel conveniences to local folks.

Chambers of Commerce and promotional groups, please note!!!

We talked briefly to one man who believes the improved Bear Valley route will be a detriment to Nevada City and Grass Valley.

He believes the improved route will tempt more local people to journey to Reno to spend their dollars budgeted for amusement, and that local taverns and restaurants will suffer.

If his line of thinking was projected one step further he could suggest that officials establish road blocks and tank traps on all routes leading from Nevada City so that local folks, perforce, would have to spend their entertainment dollars here.

LET'S NOT RECALL HERB NILE

Herb Nile, Nevada City's popular realtor-rancher faces a recall election Tuesday, Oct. 3, in which a month-old organization called the Nevada Irrigation District Land Owners Association is seeking to oust two NID directors and replace them with land owner association candidates.

At first glace it would seem a presumption that an organization born a month ago should attempt to unseat an NID director who has walked the flumes and ditches of Nevada county for more than forty years and understands the county's water artery system as well as most men understand their own back yard.

The Nugget frankly admits it has neither the time nor the facilities to make a searching scrutiny of the NID and hand down editorial opinion on the far reaching complexities of water district management.

But THIS we do know—Herb Nile over four decades has established a reputation of integrity, high purpose and frankness which places him several notches above the average public office holder.

On these grounds we recommend that Herb Nile not be recalled from his seat on the NID board Tuesday, Oct. 3.

SIGNS OF THE TIMES!

At the two ends of the Pine Street Bridge large metal signs piously warn motorists that the speed limit across the bridge is 15 miles per hour.

It is doubtful if the order is heeded by one of each thousand motorists.

In fact most drivers zip down the ski run approaches to the structure and flash across at speeds between 25 and 40-plus miles per hour.

It would seem logical to either enforce the law or change the signs to some more realistic figures.

Holmes Alexander, newspaper columnist, recently wrote that studies now being made show that federal propaganda forces—above 45,000 government hired publicity writers—are engaged in a cold war against voluntary health insurance, for example. Pat-it-yourself plans have been entirely too successful for the socialistic state planners. It is sure rubbing it in when we, through taxes, are forced to pay the wages for work that is often against our best interest.—Whitesburg, Ky., Mountain Eagle.

Recent surveys reveal a distressing apathy among American citizens toward voting in elections. In the last presidential election 37 percent of New York state's voters stayed away from the polls. Take Onondaga county for instance: There a check-up shows 44 percent of the automobile dealers failed to vote. The number among directors and officials of banks were 28 percent, among school teachers 23, real estate dealers 38 percent. —Poughkeepsie, N. Y., News.

The U. S. lack of men and weapons in South Korea has raised the question everywhere of what has been done with the huge defense appropriations since the close of the war . . . At the close of the war it cost $1,900 for the maintenance of a soldier—it costs $4,000 now; a bazooka cost $36.25—$122 now; a fighter plane $100,000—$150,000 now; a tank $60,000—$120,000 now; a rifle $40—$64 now; a carrier $65,000,000—and now $120,000,000.—Santa Fe, N. M., New Mexican.

The end comes when the government is forced to repudiate its promises, to destroy the bulk of the money supply it has created. It differs from the bankrupt private citizen only because it doesn't have to ask a court to wipe out its unpayable debts. It can do that job itself. —Oskaloosa, Iowa, Daily Herald.

Senator Harry F. Byrd, Virginia democrat, is among those arguing that the need of economy in the non-military government spending areas is more pressing now that a military crisis has come. "Purely domestic expenditures," Senator Byrd remarks, "have been increased 77 percent since 1918. With a war on our hands some of these outlays must be cut or we are going to spend ourselves into the kind of bankruptcy the Russians are counting on.—South Bend, Ind., Tribune.

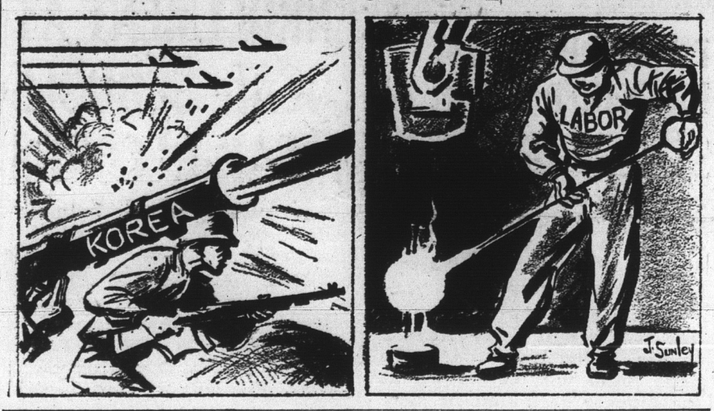

Carl Hieronimus was telling us that a woman who had taken out one of the Bank of America's new life insured savings accounts called him up the other day and said she wanted to change the beneficiary of the account. "I've just had twins," she explained. Carl didn't quite understand her and asked, "Will you repeat that, please?" "Not if I can help it," was the woman's emphatic reply.

Inflation can be brought upon ourselves here if we hoard, buy greedily and try to purchase our future needs from today's stock and bid and vie against each other for possession of commodities of life.—Middlebourne, W. Va., Journal.

Where There's Smoke . . .

There's Fire!

A FEW RIPS FROM AN OLD SAW

Naked truth is evolution in the raw.

Aviation thrills but one drop kills.

Fate is often blamed for what fools do.

People who are unkind are the wrong kind.

He who loses his temper loses more than that.

Truth is a mental cathartic that always works.

When beef becomes scarce, bull remains plentiful.

Some dogs are pointers and some men are disappointers.

A well spent "past" comes in handy for future reference.

It takes plenty of sense to get by without knowing anything.

A fool hardly can be expected to outgrow his affliction.

A great many men started at the bottom—and remained there.

Since "money talks" we presume that "hush money" whispers.

Horace Curnow says he has not heard anything about a rumored program of the Bank of America providing each of their girl employees with a sweater as a sort of a tie-in with banking. (The idea is that she gets out of it what she puts in, and draws considerable interest as well.)

The U. S. bureau of Indian affairs employs 12,741 persons to care for 333,969 Indians in this country. That is an average of one bureaucrat for every 27 Indians.

There are many times and circumstances in life when "Our strength is, to sit still."—Tryon Edwards.

Patience does not mean indifference. We may work and trust and wait, but we ought not to be idle or careless while waiting.—Gail Hamilton.

Beautiful is the activity that work for good, and the stillness that waits for good; blessed the self-sacrifice of the one, and the self-forgetfulness of the other.—Collyer.

He that takes time to think and consider will act more wisely than he that acts hastily and on impulse.—Simmons.

I find the great thing in this world is not so much where we stand, as in what direction we are moving.—Oliver Wendell Holmes.

From where I sit ... by Joe Marsh

Squint's Drumming For Fair Play!

Squint Miller's mighty proud of the lot he owns that fronts on River Road—one of the prettiest spots around here.

He's been in a stew about it lately, though. Seems that trash-dumpers take one look at his property, stop their car or truck, and out goes a load of rubbish, spilling all over his place and the roadside, too. Wouldn't that make *you* mad?

Last night Squint dropped by the house. Over a friendly glass of beer, he tells me what he's done. "I put a couple of empty oil drums out there," he says, "with a big sign reading: 'If you must dump trash—use these—I like to keep *my* property clean!'"

From where I sit, Squint's sign should make any would-be roadside trash-dumpers pretty darned ashamed of themselves. Now and then some folks just have to be reminded that they ought to have as much regard for their neighbors' rights as they do for their own.

Joe Marsh

POST OFFICE DEFICIT LAST YEAR COSTS LOCAL CITIZEN $10,677.88

For tax payers of Nevada City the $558,000,000 deficit of the post office department in the federal fiscal year which ended June 30 will mean approximately $10,677.88 in terms of general federal taxes, acording to a study released here by the Council of State Chambers of Commerce. The county's share is $92,851.20.

The study explained that this figure is Nevada City's proportion of California's share of the overall loss sustained by taxpayers through the failure of the federal government to run the post office within its income.

The council's study showed that except for a few scattered years the post office has been doing business at a loss for 60 years. Since the end of World War II these losses were found to total $1,758,044,299 which means roughly an extra tax of $12 for every man, woman and child in the U. S.

Support for an effort in Congress to cut $28,107,000 off the $555,000,000 postal deficit expected this year was urged in the study. It recalled that in expectation of this cut Postmaster General Donaldson in April ordered such economies as a reduction from two to one in the number of mail deliveries daily in residential areas, fewer mail box collections, etc. But the House of Representatives recently voted against these economies. Whether they will stick remains up to the Senate.

In addition to this 28-million dollar saving, the study urged the Hoover commission recommendations for putting the post office on a business-like basis be carried out.

Finding the post office and the Bell Telephone system comparable in size, number of employees and the nature of their services (communications), the study observed that the private enterprise operated at a profit and paid federal, state and local taxes last year totaling $346,144,000. It also pointed out that the Bell system acted as tax-gatherer for the government, collecting from subscribers and other users $445,000,000 last year in federal excise taxes on telephone calls.

TRUCKEE DISTRICT FORMED BY SCOUTS

A new district in the Tahoe Area Council, Boy Scouts of America; to include the Truckee area and communities in Placer county at Lake Tahoe was organized at a meeting in Truckee.

Organization of the new subdivision brings the number of districts within the Tahoe council to five. The Tahoe area council includes Placer and Nevada counties and the western half of Sierra county.

Clarence Beavers of Tahoe City was named district chairman and Robert Gifford of Truckee was elected vice chairman There are seven scouting organizations in the new district.

CEMENT HILL BURNS

One and one half acres of brush and young pine trees burned Sunday afternoon off Cement Hill road, about six miles west of Nevada City, before the fire was brought under control by the Columbia Hill, Nevada City and Shady Creek State Division of Forestry fire suppression crews. Associate Ranger James Hayes who directed the fire fighting, said the blaze was man-caused.

NEWS OF NEVADA CITY HIGH SCHOOL

School opened for the 1950-51 semester Tuesday morning with registration of students, and 10-minute periods in the afternoon.

Registration seems to be higher this year with a wide choice of subjects, some being U. S. history, Latin and Spanish, typing, arts and crafts, homemaking, English, music, physics, chemistry, business subjects, biology and many other interesting subjects.

Teachers are the same as last year with the exception of two new ones. Thomas Nelson, who teaches freshman social sciences and boys' physical education, and H. J. Ray, who teaches physics, algebra, senior math and speech.

The freshmen were warmly welcomed at the high school and made to feel right at home and as for the seniors, well, after being there for three years they were bound to feel at home.

A new period at high school is called an activity period. The class gets together with the class advisor and plan and discuss different activities. This period is very interesting and from what I've heard it is going to be enjoyed by everyone at school including the teacher.

School starts at 8:40 this year instead of 8:30 and lets out at 3:30 instead of 3:15. The lunch periods are scheduled to be longer also.

No certain date has been set for the freshmen initiation but it will be within the next two weeks. Ed Frantz, principal, declared at a special assembly on Tuesday a different plan may be tried for initiation this year. But, anyway, the initiation is sure to be easier this year than in the past.

Cheer leaders are to be nominated and will be announced in next week's column.

SALMON SPAWNING ON YUBA GOAL OF STATE

Return of the Yuba River to a salmon spawning and eventually a salmon fishing stream is one of the objectives of the Division of Fish and Game, with the awarding on a contract for a fish ladder at Daguerre Point, west of Parks Bar bridge.

The contract was awarded G. S. Herrington, Auburn, on a bid of $45,990.

The fish ladder, which will enable salmon to climb the 10 foot Daguerre Point Dam, will be a series of circular basins.

In the past, according to Yuba county Game Warden Ed. Dennett, the salmon have been halted by the Daguerre Point Dam, and have been forced to battle for available sites for spawning.

By construction of the fish ladder, Dennett said, room for an additional 100,000 salmon to spawn in the upper Yuba river would be provided.

600-POUND BEAR IS KILLED NEAR HERE

A 600-pound bear was killed last week by State Trapper Neil Johnson and his father, County Trapper Ernest Johnson, after a two-hour chase in Indian Flat.

Ten sheep belonging to Paul Ahart were killed last spring by the bear in the White Cloud district. The Johnsons set traps and snared the bear. He got away from the trap leaving part of a front foot behind.

Bee owners also suffered serious losses by the marauding animal.

The Johnsons felt certain the bear they killed in Indian Flat was the same bear that ravaged the White Cloud area last spring because of the animal's mutilated front foot.

SAWDUST PILE FIRE AT RED HILL SPRING

Tahoe National Forest fire suppression crew from White Cloud was called to extinguish a fire in a sawdust pile at Red Hill Spring off the Chalk Bluff Road Friday morning.

H. I. Snider, Bloomfield district ranger, said the crew made a record run from White Cloud to the fire, completing the trip in 40 minutes from the time the fire was reported .

A tanker truck from the state division of ferestry station also was sent to the fire.

The blaze was reported by loggers camped in the area.

ELDON WILLIAMS DIES IN COUNTY JAIL

Eldon Williams, 45, native of Nevada City, died Tuesday at county jail where he was serving a six months sentence for a probation violation.

Sheriff Richard Hospins said the deputy on duty, Lloyd Pond, was called to the cell block by Williams' fellow prisoners. Williams had collapsed on the floor.

The prisoners told Hoskins that Williams complained of gas pains but had gone to bed apparently allright.

After being summoned to the cell Pond called an ambulance and Dr. Bernard W. Hummelt. Williams was dead when Dr. Hummelt arrived.

Williams has no known relatives.

FIRE AT SHAMROCK

A gas fire in the steam table at the Shamrock Cafe was the cause of an alarm answered by the Nevada City Fire Department Monday morning.

The fire started when a plug came out of the gas line running to the table. Two customers, Roy Harris and Frank Stewart, turned off the gas outside the building and the blaze was out when the fire truck arrived.

Thinking of the Long Pull?

Better Buy Buick!

IF that car of yours has put its best days behind it, there's no time like right now to think about starting out afresh with a taut, new, up-to-the-minute motorcar with all its mileage still in it.

And there's no better place in the world to start than with the beauty pictured here, for a variety of reasons.

For one thing, this Buick SPECIAL is a quick-stepping Fireball valve-in-head straight-eight that's priced lower than some sixes.

For another, it's built with typical Buick ruggedness through and through—a husky that can take a lot of years without crying "Uncle!"

Then, too—this high-styled beauty is proving to be one of the most economical Buicks ever built—easy on gas, easy on upkeep, easy on you in its soft, floating, light-handling comfort.

It even comes with Dynaflow Drive* if you like—and Dynaflow means that you will never have to service or replace a friction clutch, and that rear-end or transmission servicing—even engine upkeep—are cut to a minimum.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Of course, you can't see all of this in the brief span of a trial drive.

But you can experience the good solid feel of Buick strength beneath you. You can satisfy yourself on the lightness of the controls, the utter smoothness of Dynaflow, the quick surge of Buick's Fireball power.

All such things will tell you that this is a car you'll be glad to live with for a long time to come—and you need only to ask your Buick dealer for a demonstration to see precisely what we mean.

Why not call on him soon to talk about signing up?

Tune in HENRY J. TAYLOR, ABC Network, every Monday evening.

YOUR KEY TO GREATER VALUE

Phone Your BUICK Dealer for a demonstration Right Now!

FINE HORSES WILL BE DISPLAYED AT YUBA SUTTER COUNTY FAIR

Some of the finest horses in California will be displayed in the 1950 Yuba-Sutter county fair, to be held in Yuba City Sept. 29 and 30 and Oct. 1.

The seventh annual horse show, an open event for which entries will be received up to Sept. 25, will be staged in the floodlighted stock area, at 7:30 p.m., Friday, Sept. 29 at the county fair grounds. There will be no post entries allowed. All classes will be held under the American Horse Show association rules.

Animals for the light horse division of the fair livestock department must be entered by Sept, 19. They will be judged the afternoon of Sept. 29, beginning at 1:30 o'clock.

Robert Lewis, San Mateo, widely known as a horse show and breeding stock judge, will officiate as judge at the fair.

The Twin Cities Riding Club, comprising horse owners in Sutter and Yuba counties, will furnish officials and manage the show program. The club previously has sponsored the show alone, but will cooperate with the 13th District Agricultural Assn. in staging the event for 1950, according to Fair Manager Roy L. Welch.

An open event, the horse show is attracting entries from various parts of California. There will be 10 classes on the program, with a total of 1250 cash prizes, besides trophies and ribbons.

The classes will include: five-gaited saddle; fine harness; three gaited saddle; jumpers (open) stock horses (open); speed and handiness (open only to horses shown in at least one other stock-horse class); trail horses; Tennessee walkers; English pleasure; parade horses.

GRANT LYSTRUP, 22, DIES IN HOSPITAL

Grant Leroy Lystrup, 22, native of Twilla, Utah, and resident of Nevada City ten years, died at Nevada county hospital Friday. He had been ill for several months and had been a patient at the hospital for two days.

He is survived by his wife, Mrs. Willadena Lystrup of Nevada City; a father, George W. Lystrup of Nevada City; two brothers, Robert Lystrup of Marysville and Cpl. Charles Lystrup of Wichita Falls, Texas; and a sister, Mrs. Wanda Giovanetti of Nevada City.

Funeral services were held Tuesday at the Latter Day Saints Church of Jesus Christ, Grass Valley. Bishop Ralph Greenwell officiated. Burial was in the family plot in Greenwood Cemetery, Grass Valley.

HORSE RACING HELPS SUPPORT COUNTY FAIRS

Millions of visitors attend the annual agricultural and livestock fairs in California—expositions made possible largely through financial support of the state.

Funds for the purchase of grounds, construction if fair facilities, payment of premiums, expenses of operations, management and supervision are derived from the state's four per cent levy on pari-mutual wagering on horse racing.

The primary purpose of the California fair program is to further improve agricultural and livestock production through competitive showing at the 77 fairs which receive financial support from the state.

In addition to this educational objective and the providing of entertainment for fair-goers, is the aim to increase all-year use of fairgrounds and facilities by the communities in which fairs are located.

Today the fair is—as it has always been—the greatest show on earth.

FIVE FROM COUNTY ENLIST IN NAVY

Five from Nevada county enlisted in the Navy during August according to the naval recruiting headquarters of Sacramento.

From Nevada City were Robert L. Smithson, Henry W. Anderson and Henry D. Murphy.

Ralph L. Rudkin, Grass Valley, and John W. Kinross, Chicago Park, were the other two.

CAN A LANDOWNER TAKE FISH FROM TRESPASSER?

Can a California landowner claim the fish or game caught by a tresspasser?

Is public fishing permitted on all waters stocked by the state?

What is legally posted land?

Answers to these and many other timely questions on the state's trespass laws have been made available to California sportsmen by the Santa Anita Sportsmen's Club. J. B. Tietz, Los Angeles attorney, has put together laws and opinions from several sources under the title "Hunting and Fishing Trespass."

Copies of the pocket-size booklet are sold by the club secretary, Room 517 Douglas building, 257 South Spring street, Los Angeles, 12. Cost is three copies for one dollar.

According to the booklet, game surprised and killed by a trespasser belongs to the owner of the land. The old common law principle was upheld in 1897 by the California supreme court.

While it is the policy of the fish and game commission not to stock waters that are posted or to permit stocking on any private property unless at least one third of the water is open to public fishing, the state is without recourse when private property is later closed to entry.

Legally posted property is defined as uncultivated or unenclosed lands where signs forbidding trespass are displayed at intervals not less than three to the mile along roads and exteriors boundaries. Entering lands under cultivation or enclosed by fence for the purpose of hunting or fishing is a criminal trespass.

Among the booklet's contributors is Deputy Attorney General Ralph W. Scott, counsel for the California fish and game commission.

GAS TAX WOULD BUY FUEL FOR 3 VACATIONS

Californians, in the last fiscal year, paid taxes on 3,342,257,219 gallons of gasoline, butane and-propane—enough fuel for three coast-to-coast round trips by each of California's three and a half million passenger cars—Jerrold L. Sewell announced.

These taxes contributed $134,-060,902 for building and maintaining California's city streets and its 80,111 miles of county roads and state highways. Total tax collections on gasoline and other high-test motor fuels sold during the 1949-50 fiscal year amounted to $149,69,274, but $15,578,372 of that amount was refunded by Controller Thomas H. Kuchel to persons who bought such fuels for nonhighway use.

Sewell stated that Californians are virtually living on wheels. Not only did they buy three and a third billion gallons of motor fuel last year, but they spent more than three billion dollars for the purchase, maintenance and operation of their motor vehicles.

EARLY GOLD SCALES FEATURE COUNTY EXHIBIT AT FAIR

Scales which date back to California's early gold rush days and are reputed to have weighed $1,000,000 in fine gold and nuggets, are being displayed in the Nevada county exhibit . at the California State Fair in Sacramento.

The scales have been lent to County Agriculture Commissioner Leonard G. Lageson, by the Bank of America and they have been given center location in the huge display of quartz and placer gold exhibited by the county.

The scales were purchased by N. D. Rideout, pioneer banker in the historic gold regions of California, but records show they were tested as early as 1857 for accuracy by the U. S. bureau of standards.

As mining activities developed in Nevada county and through the Mother Lode, the scales were used more and more to weigh the riches taken from Sierra mines and placer claims.

Nevada county has a very impressive display of gold valued at more than $60,000. This includes quartz rich in the yellow metal and fine gold from placer claims.

Also being shown are samples of magnesium, from the stage when it is raw serpentine to the time it becomes the finished article. The serpentine is processed by crushing to a powder which is later calcined. It then becomes liquid and later turns to crystals. From the crystal, the magnesium is formed.

Pears and apples, for which the county is famous, complete the display.

RELIEF PAYMENTS CLIMB IN COUNTY

General relief payments in Nevada county amounted to $771 for June, 1950, up from the $672 direct aid paid to general indigents in the county during June, 1949, California Taxpayers' association reported today.

Total relief payments in the county reached $78,220 for June, 1950, compared with $65,338 for June, 1949.

Aid to needy children had skyrocketed to $1,459 for June, 1950, compared with $5,660 for June, 1949.

Aid to the needy aged for June, 1950, amounted to $61,639, compared with $56,992 payments to the aged in the county in June, 1949.

Aid to the blind is the fourth type aid paid in the county.

UNION LEADER ELECTED GOP COUNTY LEADER

Election of a union leader as a Republican county chairman in an important California county was pointed out as an eye-opener for members of labor unions by Chairman Douglas Barrett of the Nevada county Republican Central Committee.

Barrett said the chairman of the Humboldt County Republican Central Committee is Vio Antonio Caracappa, who is president of the Bartender's Union local 14 in Eureka. Caracappa came to California 15 years ago from New York and settled in the northern California fishing and lumber industry center.

Caracappa said, "I've been a registered Republican as long as I've been eligible to vote in this state."

Barrett said, "Caracappa's election as county chairman climaxed a series of interesting developments, all of which showed many union members they had been misled about the Republican Party's attitude toward the labor movement."

LEGAL NOTICE

NOTICE OF DEFAULT

WHEREAS, FRED ANDERSON, on January 12, 1949 made and executed to CROCKER FIRST NATIONAL BANK OF SAN FRANCISCO, a corporation, as Trustee, for the benefit of THE GOLDFIELD CONSOLIDATED MINES COMPANY, a corporation, a deed of trust, which said deed of trust was recorded in the office of the County Recorder of the County of Nevada, State of California, on January 13, 1949 in Book 139 of Official Records, at page 108 et seq.

NOW, THEREFORE, NOTICE IS HEREBY GIVEN that the grantor in said deed of trust named, has committed a breach of the obligation for which such deed of trust is security, the breach consisting of the failure to pay instalments of principal and interest, as required thereby, and that the undersigned, beneficiary under said deed of trust, exercises its election to declare all indebtedness, obligations and sums secured hereby to be immediately due and payable, and to cause to be sold the property in said deed of trust described, to satisfy the obligation secured thereby and unless said obligation is satisfied theretofore, that said property will be sold as provided in said deed of trust.

IN WITNESS WHEREOF, the undersigned has executed this instrument this 15th day of August, 1950.

RESOLUTION

Pursuant to adjournment of the regular meeting held on August 3, 1950, the City Council met at the City Hall on Broad Street to set the tax rate for the fiscal year of 1950-51. All the members were notified of this meeting and the following resolution was unanimously passed.

Whereas, the public necessity required the construction of a sewage disposal plant and Fire Department improvements, as well as a General Fund, Library Fund and Fire Fund from which the maintenance of the above mentioned departments are improved and maintained, and

Whereas, the law requires the tax rate be set by Resolution of the City Council of the City of Nevada,

Therefore, the Council of the City of Nevada, by motion of Councilman Marvin E. Haddy, seconded by Councilman B. F. Wright, and duly carried, resolves that the tax rate for the City of Nevada for the year of 1950-1951 be and is ordained as follows:

General Fund	$ .94
Sewage Disposal Plant Bond Fund	.46
Fire Department Improvements Bond Fund	.10
Library Fund	.15
Fire Fund	.15

The above was passed unanimously by the following vote, as follows:

ORDINANCE NO. 254

AN ORDINANCE PROVIDING ORDINANCE No. 228 FIXING FOR THE AMENDING OF THE COMPENSATION OF THE GARBAGE COLLECTOR AND ESTABLISHING THE RATES FOR THE COLLECTION AND REMOVAL OF GARBAGE

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF NEVADA:

Section I

That Ordinance No. 228, Paragraph VIII, sub-section a and b shall be amended to read as follows:

a. For the collection of garbage and waste matter once each week, where the amount collected from the person paying the fee does not exceed thirty gallons at one collection, the sum of Seventy-five cents ($.75) per month; where the amount of garbage exceeds thirty gallons, there shall be an additional charge of ten cents ($.10) per collection for each additional twenty gallons of garbage thereof; and for more than one collection per week, there shall be a charge of 25c per month for each additional weekly collection.

b. Where waste matter is collected, and not in conjunction with regular collection, the charge shall be at the rate of $3.00 per hour, pro-rated in accordance with the time consumed, said time to include the time necessary to load the truck and remove the waste matter.

Section II

All ordinances or parts of ordinances in conflict with this ordinance, are hereby repealed.

Section III

This ordinance shall before going into effect be published in the Nevada City Nugget, with the ayes and noes, for three successive publications, and shall go into effect the 1st day of September 1950.

ADOPTED: August 17, 1950.

Alice Hansen and Elmer D. Hoskin Marry in Trinity Episcopal Church

Trinity Episcopal church was the setting Sunday afternoon, Aug. 27, at 2 o'clock for the marriage of Miss Alice Hansen, the daughter of Mr. and Mrs. Mervyn Hansen, Boulder street, to Elmer Donald Hoskin, son of John Hoskin, Commercial street.

The vows were taken before a beautifully decorated altar of white gladioli and candelabra, with Rev. Max L. Christensen, rector of the church, presiding.

The bride, gowned in an ankle length white bridal gown, finger tip veil which was held in place by a bandeau of white orange blossoms which was worn by her mother on her wedding day 21 years ago. White shoes with silver buckles which were also worn by her mother and a bouquet of white roses and bouvardia, centered with a pale lavender orchid, completed her attire. She was escorted to the altar by her father.

She was preceded down the aisle by little Miss Carol Ann Mullis, daughter of Mr. and Mrs. William E. Mullis, as flower girl. She was dressed in a beautiful little blue satin formal and carried a little basket of petals.

Master William Willers was the ring bearer carrying the rings on a litle heart-shaped satin pillow. He is the son if Mr. and Mrs. Charles Willers of Willow Valley.

Miss Barbara Girouard, maid of honor, daughter of Mrs. Willers, was gowned in a blue net ankle length formal and carried an old fashioned bouquet of blue asters.

Bridesmaids were Miss Ruth Imus, gowned in pink; Miss Patsy Humphrey, gowned in yellow; and Miss Joyce Phillips, gowned in green. All carried old fashioned bouquets to match the gowns, which were identical to the dress of the bride.

The groom was attended by James Lewis.

Mervyn Hansen Jr., brother of the bride, Jack Hoskin, brother of the groom, and William E. Mullis, were ushers.

The reception was held in the parish hall, where a very beautiful wedding cake was tended by Mrs. Charles Cunningham, Petaluma, aunt of the bride.

Cake, punch and coffee were served, with Gloria Larson, Patricia Burgin, Dorotha Smart, Dolores Townsend, Gloria Baker and Lillie Sassamon serving. Miss Beverly Boucher attended the bride's book.

The mother of the bride wore a grey suit with green accessories and wore a gardenia corsage. Mrs. Carmen Hoskin, aunt of the groom, wore a white two-piece dress, black accessories and carnations.

Guests from out-of-town included Mrs. August Hansen, Livermore, grandmother of the bride; Mr. and Mrs. Clyde Evans of Bakersfield; Mr. and Mrs. Lloyd Creager, Ray and Yvonne, Livermore; Mr. and Mrs. Robert Thorpe, Sacramento; Mr. and Mrs. Kurd Tapone and Kathryn, Richmond; Mr. and Mrs. C. H. Cunningham, Mr. and Mrs. Fieckers and Tommie, Eileen and Diane, Petaluma; and Mrs. Ruth Campbell, Truckee.

FALL TEA PLANNED

Mrs. William J. Cassettari, on Lucas Lane, Grass Valley, had the officers and committee heads of the American Association of University Women meet at her home yesterday evening to set a date for a fall tea and plan the organization's fall program.

Eastern Star Makes Plans For Fall and Winter in First Meeting Tuesday

Evagneline Chapter No. 9, Order of the Eastern Star, met last Tuesday at the Masonic Temple for the first initiation and the second regular business meeting of the fall season.

Mr. and Mrs. Charles Elliott, Worthy Patron and Worthy Matron, presided.

Mrs. Marie Thurston, Vernon; Mrs. Edna Martine, Maxwell; Mrs. George Avery, Santa Barbara and Nadine Woods of Lincoln were among the visiting guests present.

Verne Miller, Associate Patron of Aurora Chapter, Grass Valley, and his wife, Evelyn, who holds the office of Ada there, spoke a few words at the meeting.

Mary Wheaton of Grass Valley was also on the guest list.

Nancy Land donated beautiful flowers from her gardens to decorate the chapter room, and Associate Matron Edith Forstner presented Mrs. Elliott with a corsage.

Mrs. Jane Sommers, the newly initiated member, looked striking in her navy blue dinner dress and the huge orchid she wore.

Two members were welcomed back. Mrs. Myrtle Weiss, who has been ill, and Mrs. Florence Harter, who has moved back to her home in Nevada City, were the returning officers.

A beautifully decorated table was arranged for the 18 members whose birthdays fell in June, July and August. A small gift box lay before each plate, containing a key ring with the Star insignia attached to it. The birthday cake was brought in to the group accompanied by the singing of "Happy Birthday to You."

Wayne Kistle, freshman at Nevada City high school, played the accordion as members were seated at their table to enjoy the refreshments planned by Mrs. Bradley Legg and her committee.

Miss Patricia Sturtevant, a recent graduate of Nevada City high school, and daughter of Mrs. H. A. Sturtevant, entertained the assembly in the banquet room with her monologue, "Tea With Mother." She followed this with a parody on "The Girl That I Married."

The next meeting will be the "Friendship" night to be held on Tuesday, Sept. 19. Officers from other chapters in the district will open and close the regular meeting. Mrs. August Smith will be chairman for the evening.

Saturday, Sept. 16, at 10 a.m., the chapter will hold a food sale in front of the Alpha Store.

Juanita Joy Wright and William J. Wishart Are Married in Carmel

Miss Juanita Joy Wright, Auburn and formerly of Nevada City, and William J. Wishart, Carmel, exchanged marriage vows Sunday in the Church of the Wayfarer, Carmel. Rev. Gray, pastor of the church, officiated.

The little church was decorated with white chrysanthemums and stock, and lighted by candles. Relatives and close friends of the bridal pair witnessed the ceremony, and attended the reception.

The bride is the daughter of Mr. and Mrs. Stanley A. Wright, Auburn, and was given in marriage by her father.

A wide sash tied in a full bow at the back and a crisply folded fich decollette neckline were features of the bridal gown, which was of sheer white nylon over white taffeta.

White nylon mitts and a fingertip veil falling from a Juliet cap entwined with pearls completed the bridal costume. Her bouquet was colonial style, white carnations, sweet peas and stepanotie tied with white streamers.

Mrs. John Parks, Benicia, her sister, was matron of honor. She wore a lime green taffeta gown with Bertha neckline and an overskirt of green marquisette, white mitts and a halo headdress of ruffled green. She carried a colonial arrangement of pink sweet peas, stock and carnation.

The groom is the son of Mr. and Mrs. George A. Wishart of Carmel.

OAKLAND ASKS ANNEXATION TO GRASS VALLEY

Nevada county board of supervisors set Friday, Sept. 29, as the date for an adjourned meeting to set the date for an election to decide whether the Oakland district will be annexed to the Grass Valley high school district.

The district which adjoins the Nevada City high school area recently prepared a petition asking annexation to the Grass Valley school district and presented it to Walter A. Carlson, county superintendent of schools. Carlson presented the petition to the supervisors Tuesday at the regular sesion of the board.

Petitioners from the Oakland district asked the annexation to Grass Valley to obtain a lower per pupil tax than is paid at present for students attending Nevada City high school.

The supervisors delayed calling an election pending outcome of a meeting of the Nevada County Committee for School Organization scheduled for Wednesday, Sept. 20, to determine whether the voters of the area will be asked to ballot on the establishment of a union high school.

Carlson also presented a petition signed by residents of the Michell tract, at the southern end of Nevada City, asking that the tract, a part of the Gold Flat or Oakland district, be annexed to Nevada City unified school district.

Hearing date on the Michell tract annexation was set for 2:30 p.m. on Friday, Sept. 29. The tract was taken into the city last year.

Mrs. H. N. March, a trustee of the Gild Flat school, appeared before the board, and explained the petitioners were in favor of a union high school district and if such becomes a reality the annexation move would be abandoned.

Mrs. March declared the residents of the Gold Flat district are seeking relief from high taxes for schooling which amounts to $1.54 this year compared with about 77 cents for the larger districts.

Mrs. March explained the district is not asking annexation to the adjoining Nevada City school district because residents do not want to give up the elementary school in Gold Flat. She added Grass Valley offers students a greater variety of subjects at less cost than Nevada City.

The supervisors also allocated $15,000 of the county's share of state funds, to be used in construction of the proposed $320,000 Tahoe Forest hospital to be located at the junction of U. S. highway 40 and the Lake Tahoe highway.

The hospital will be a 12-bed project which could serve 24 patients if necessary.

Major portion of financing the hospital will be through bonds of the Tahoe-Truckee hospital district.

J. F. O'Connor, road commissioner, was authorized to begin repairs on the Greenhorn bridge, damaged in May when a logging truck tore out a portion of the suspension system.

O'Conner was also authorized to survey all bridges for weight limits and post them in accordance with his findings.

The board authorized District Attorney Vernon Stoll to proceed with legal action to recover damages from Oscar Phillips, owner of the logging truck that damaged the Greenhorn bridge.

FALSE ALARM

A false alarm Saturday evening called out our efficient fire department to the corner of Main and Union.

More About NID

(continued from page 1)

sole duties will be to direct the business details of the district.

All three of the directors have pointed out they have not discarded the idea of a full time manager but they will direct operations for the present and hire a manager if the situation demands. The three have agreed that the next district manager (if one is hired) will be a business executive and not an engineer.

Meanwhile two of the directors —Nile and Arnold—face a recall election Tuesday, Oct. 3, in which they will compete against C. O. Armstrong, Farm Bureau president, and Clarence E. Gassaway, another Farm Bureau leader.

Many county leaders and farmers hope the Varney firing will be the closing episode in a long range rumpus which is believed to have kept both Varney and the board of directors from properly doing their jobs for the past several months.

Three directors of the NID explained a program for management of the district after the planned firing of Forrest Varney today, before a meeting of more than 200 members of NID Water Users association at LaBarr Meadows hall Friday. Directors offering the proposed program were Herbert Nile, J. H. Gleason and Max P. Arnold, chairman of the NID directorate.

Under the proposed plan following the ousting of Varney the three said they will name an office manager to handle the business end of the district operation. Construction and maintenance program will be carried on under the direction of a superintendent to be in charge of the physical operations of the district in the Mountain, Nevada and the Placer county divisions. The directors will meet weekly with both the business manager and the construction superintendent to work out details of operation.

Nile, critic of Varney's management promised the water users that Varney definitely will be dismissed today at the regular board session. His promise was endorsed by both Arnold and Gleason who took part in the session.

Roy Van Tiger, Marysville, rancher and banker, and the first president of the NID Water Users association, spoke briefly on assessments and water costs.

Both Nile and Arnold face recall elections Tuesday, Oct. 3. Recall action was instituted by the NID Land Owners Association hhortly after the Aug. 4 demand for Varney's resignation.

Gleason also had been slated for recall but petition circulators had been unable to obtain the necessary 25 per cent of the voters of Gleason's district.

Donald Gates, Pleasant Valley dairyman said the petition circulators withdrew when they discovered the necessary number of signers could not be obtained.

The two other district directors, G. O. Griffith and E. B. Power who have supported the Varney regime, were not present at the meeting Friday.

CHAMBER OF COMMERCE WILL AID STREET DANCE

Nevada City Chamber of Commerce agreed to sponsor the Saturday evening street dances recently inaugurated by Frank Stewart and U. S. N. Johnson, presented with the cooperation of local merchants.

The decision was made at the Tuesday evening meeting of the directors of the chamber since the summer recess.

The directors also considered what action could be taken about the gold country sign at the intersection of highways 20 and 40. A highway 40 resort has erected a sign just above and behind the community sign that destroys the effectiveness of the gold country diversion sign.

The directors also authorized the purchase of a $25 block of shares in the newly formed Pioneer Park Narrow Gauge railway and the payment of the Western Auto Supply account for axles and wheels for the Fourth of July Dynamite Box derby.

AUTO BLAZE

Nevada City Fire Department extinguished an automobile fire yesterday morning at the Plaza when a car belonging to Stanley Bates caught fire. Damage was limited to the wiring.

JIM ROOSEVELT GAINS VOTES IN NEVADA COUNTY

James Roosevelt, son of the late President Franklin D. Roosevelt, picked up 100 votes for himself here last Friday morning as he spoked in his shirt sleeves, coke bottle in hand, from a 1947 Buick convertible, in the only local appearance of a gubernatorial candidate. Or so is the opinion of this rock-ribbed Republican newspaperman.

Our vote is first, last and always for Republican Candidate Earl Warren but we feel we are a dispassionate enough observer to feel that the polished son of a polished politician captured the fancy and votes of the three or four hundred spectators that appeared to hear him talk at the corner of Pine and Broad.

The polished and promising young man had only good news as answers for the questions that were presented him. Most of the questions concerned benefits to be derived from a paternalistic government.

Roosevelt was introduced by Harold Berliner, Jr., chairman of the Nevada county Democratic committee.

Roosevelt aired the Democrats belief that the Republican party is a dead dodo, but admitted the GOP serves a very useful purpose by contributing a constuctive minority points of view.

Roosevelt took credit on behalf of the Democratic party for the prosperous state of the nation in this year of 1950, declaring the Democratic party built the country from 1932 into the strongest free country of the world.

The Democratic candidate for governor of California said the nation faces a world situation dominated by two philosophies—the American Demcratic way and the Communistic Russian. He suggested that the Korean incident doesn't necessarily mean war, and added that when it is over the country should make itself so strong that no opponent will dare to attack us.

The candidate said he would bring an administration into Sacramento that would back the national administration.

He condemned the Warren administration charging it operated with hindsight and no foresight, a matter that could be ascertained by riding on state roads. Roosevelt also condemned the state's administration on schools, charging that school building had not kept up with the population growth and as a result thousands of school pupils are getting half-time schooling.

Roosevelt stated that an effective state government does not exist. "Your dollar doesn't buy what it does in the east," he declared.

The candidate gained the applause of the audience when he stated government is needed to give an even break to the common people. "Let's be the important state we are," he said.

Roosevelt said the state surplus is a myth—the state has operated in the red the past three years.

In reply to a query about the old age assistance, Roosevelt proposed a federal retirement income law for all states to eliminate inequalities in the various states.

Roosevelt said unemployment in California can be solved by bringing industry into California with cheap power.

He said he believed the miners should be subsidized until international agreements can be completed setting a standard price for gold throughout the world. Roosevelt said subsidizing is a short range program while the international agreements are the long range policy more to be desired.

Roosevelt closed his talk with a statement he has been a resident of California for 12 years, and got his loudest applause by declaring "Most people in California were born elsewhere, including the pioneers."

BRUSH FIRE

A brush fire Tuesday in the rear of the Robert Gates residence, 627 Spring street, was extinguished after two city and two state forestry trucks answered an alarm.

HOISTING OF ORE BY HYDRAULICS TOLD AT MINING CONGRESS

How ore, coal, and rock may be moved from underground to the surface in a continuous stream by the hydraulic hoist was revealed by Percy S. Gardner, Jr., Bagdad Mining Co., Phillipsburg, Mont., at a session of the 1950 Metal Mining Convention and Exposition in Salt Lake City.

Speaking of the principal involved, Gardner said: "It consists of two pipes joined together at the bottom, a motor driven pump at the top of one column, circulating water downward in that column and upward in the other column, a set of loading chambers at the bottom of the "upward" column for the purpose of introducing ore into that column, a displacement pump at the chambers for the purpose of displacing a volume of water from the upper to the lower chamber equal to the volume of ore charged into the upper chamber, a pressure equalizing valve at the chambers to equalize pressure in the upper chamber with that in the lower chamber, and a dewaterizer at the top of the upward column for the purpose of dewatering tne ore and allowing the water to return to the pump for recirculation. A flywheel mounted between the pump and motor keeps the system going in case of power failure so that the ore in the column and chambers will be removed before the water falls below lifting velocity."

The hydraulic hoist has been developed from the study and operation of two models. Conclusions, which follow, are based on the operation of both models and modifications will be incorporated in the design of the first commercial installation.

Ore should be crushed to a size at least one-third the pipe diameter. Velocity required to lift ore will be the same for all sizes of pipe. Capacity will vary with pipe size. Power determination is based on experiments which are found to be valid for the large model. Loading cycle will be 30 seconds to one minute and dewatering will be done by a Robbins dewaterer. No classification will occur in the pipe at hoisting velocities and no bridging or hangups will take place in the charging valves. No difficulty will be experienced with occasional large pieces if they are smaller than the pipe diameter. Foreign material, such as tramp iron, will pass the pipe readily.

The ore load in the column does not increase static pressure and when the system is put into an inclined shaft power requirements are about double and wear on the pipe increases. Loading chambers may be installed at different levels. A depth of 5,000 ft., with static pressure of 2150 psi, seems feasible within the limits of modern design.

GRIDLEY GRID OPENER FOR YELLOWJACKETS

The Yellowjackets and Bees will open the 1950 gridiron season for Nevada City high school at Gridley Friday evening, Sept. 22 in a practice game.

The first home games will be practice matches with the Galt high school varsity and B teams Friday evening, Sept. 29.

Coach Thomas Nelson, who is starting his first year of coaching at Nevada City, has a long, hard row ahead of him to mold a varsity team riddled by graduation and lack of reserves.

Among the lettermen from the 1949 season, Nelson will depend on Gordon Lageson, Bill Beverage, Kent Walker, Dean Morrison, Jim Scribner, Doug Atkins, and Bud Deschwanden for a nucleus.

Among his squad of 22 candidate showing promise are Wayne and Derek Friessen, transfers from Elk Grove, Joe Griggs, Bob Pohley, Melo Pello and Jerry Coleman.

Bob Bonner, coaching the Bees is looking forward to a good season and has 13 lettermen and a squad of 32 to fashion a team with.

The coaches were concentrating on limbering up exercises and confining bodily contact to close blocking.

KIDS, EARTH AND AIR MAJOR INTEREST IN U.S.

The American people are principally interested in children, aviation, and gardening, as disclosed by sales figures of U. S. government publications, but officials of the government printing office today made ready to add a new best seller to its list as purchasers lined up at the government printing office book store in Washington, and mail orders began arriving from all over the country for the new atomic energy commission publication entitled "The Effects of Atomic Weapons."

The book, prepared by the atomic energy commission from non-confidential, scientific, and technical information, presents the most informative and authorative data that can be disclosed and is now for sale to the public by the superintendent of documents, government printing office, at $1.25 a copy.

NID WATER USERS TO HOLD MEET TONIGHT

Nevada county irrigation and water problems will be aired and discussed by the Nevada Irirgation District Water Users Association at a meeting tonight at the Adolfo Locatelli ranch in the Chicago Park area.

William Vogt, president of the group, reported today that three NID directors—Herbert Nile, J. H. Gleason and Max P. Arnold—will be present to join in the discussion.

A meeting will be held the following week at Seaman's Lodge at Pioneer Park.
